SOI SIRI WANIT - SUKHUMVIT 64

ABOUT IRIS STUDIOS @SUKHUMVIT64

Iris studios is the latest concept in multimedia production for high-end photo & video shoots offering the latest camera & lighting gear rentals as well as a fully stocked 188sqm studio & lifestyle shooting spaces. Ideal for marketing, advertising & media production companies looking for a comfortable & modern studio with full amenities to cater to nearly any type of production requirements.

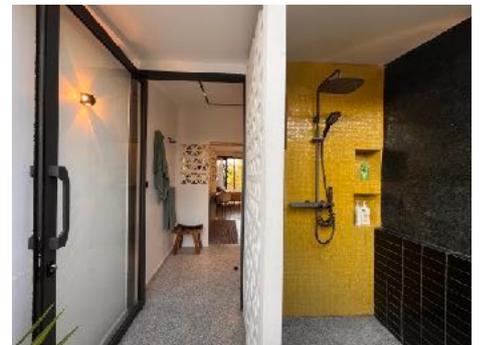

Centrally located in the heart of Bangkok & just off Sukhumvit 64, the studio is easily accessible & has ample street parking spaces. The street is wide, quite & the entry is large enough to accommodate for most additional props or production gear needed.

The studio offers the very best production gear that can be used for both video & stills shootings. We have a full range of Nanlite LED spot lights ranging from 40-800Watts, various lighting modifiers including the spectacular Selens Edge 150cm Parabolic Modifier & much more. Our camera & lens selection doesn't disappoint either with the very latest medium format (large sensor) cameras from Fujifilm, including the 100 megapixel monster of a camera, the GFX 100s & 50sII, as well as smaller format & action cameras. We also offer other video production gear rentals such as the DJI Mavic 3 drone, Wireless Mics, Ronin RS3 gimbal & more.

Our gear is available for 'dry hire' if the production is @ the studio & 'wet hire' if the gear is rented off-site or at another location. Please inquire with us to find out more.

We also have some of Thailand's top production crew & photographers available should you require it. From award-winning directors, to cinematographers, set designers, fixers & even creative directors, just let us know what you need and we will find the perfect creative for your campaign or production.

OUR **MULTIMEDIA** STUDIO + *home lifestyle spaces*

The studio & lifestyle spaces are spread out over 188sqm & 3-floors. Floors can be rented separately or the entire property can also be rented for larger productions or where multiple shooting locations are needed.

The property and studio is ideal for those looking for a more comfortable space to not only shoot in but also to relax, be creative & work. We don't only offer a full studio service, camera and lighting gear rentals, but can also provide talented and professional crew and creatives in the video & photography productions & industry.

Our ground floor space has a large and well decorated living area, a full stainless steel designer kitchen with complimentary tea, coffee and biscuits. The ground floor also has a full sized ini-sex bathroom and shower as well as a small outdoor courtyard should you need some fresh air or a quick cigarette?

The second floor holds a fully stocked LED light studio ideal for both video & photography productions as well as a large work station and office for reviewing work, color grading & such.

The top floor is the master bedroom, balcony & bathroom which is also available for filming films, lifestyle brands etc. All the spaces are modern & minimalist, have been furnished with hi-end designer furnishings & comes with full amenities.
